1. General

- 1.1 The Organiser of the ALUMINIUM 2012 - 9th World Trade Fair & Conference (hereinafter also referred to as the „event“) is Reed Exhibitions Deutschland GmbH, Völklinger Str. 4, 40219 Düsseldorf, Phone +49 (0)211/90 191-232/-104/-202/-225, Fax: +49 (0)211/90 191-193
- 1.2 The Organiser utilises the event venue on the basis of a hire contract with the local exhibition centre.
- 1.3 Up to three weeks before the start of the event, or immediately after conclusion of contract if the application is received later than this, each exhibitor shall receive online access to the service manual for exhibitors which can, on request, be viewed at the premises of the Organiser or transmitted. This contains the technical procedures and the structural specifications which all exhibitors are obliged to adhere to. Otherwise the following General and Special Exhibition Terms and Conditions of the Organiser shall apply.

2. Application

- 2.1 Exhibitors shall apply to participate in the event as an exhibitor using the Organiser's special application form for the event.
- 2.2 The application form should be completed in full by the Exhibitor and made legally binding by the addition of his signature. No conditions or reservations added to the application form by the Exhibitor shall be considered.
- 2.3 The Exhibitor shall be bound by his application for a period of twelve weeks from its being received by the Organiser.

3. Conditions for approval

- 3.1 In order to participate in the event as an Exhibitor, the goods or services being exhibited by the Exhibitor must be included in the goods and product groups listed in the nomenclature appended to the Organiser's application form. The Exhibitor undertakes to provide the required information on his company and the goods and services being exhibited.
- 3.2 The Organiser shall make the decision to approve the Exhibitor for the event based on due judgement, taking space capacity and the purpose and structure of the event into consideration. The Organiser is not obliged to justify any rejections of exhibition contracts. No reference to an Exhibitor's participation in previous events will be accepted in support of a claim.
- 3.3 The Organiser shall decide at his own discretion whether to grant approval to exhibitors whose application to take part in the event has been received by the Organiser following expiry of the closing date for applications specified in the Organiser's Special Exhibition Terms and Conditions.
- 3.4 The Organiser will not agree to any requests to exclude exhibitors' rivals from the event.

4. Conclusion of contract, prohibition of assignment

- 4.1 The Exhibitor shall be notified whether his application has been approved within the commitment period in accordance with 2.3 of these General Exhibition Terms and Conditions. If the Exhibitor is approved for the event, he shall be sent written confirmation by the Organiser. Receipt of this confirmation brings the exhibition contract between the Organiser and the Exhibitor into force.
- 4.2 If the Organiser grants the Exhibitor the right, outside these terms and conditions, especially in the form of a written notice by the Organiser on the application form, to withdraw from the exhibition contract, the Exhibitor shall be entitled to withdraw from the exhibition contract within 14 days of receiving the written confirmation of application from the Organiser, by sending written notification to the Organiser. However, even in this case the Exhibitor is excluded from withdrawing from the contract after this time outside the legal provisions and the following regulations. If, in such a case, the Organiser receives notification of withdrawal after expiry of the above deadline, paragraph 4.3 of this contract shall apply.

- 4.3 With the exception of the circumstances set out in paragraph 4.2 of these General Exhibition Terms and Conditions, the Exhibitor has no right to withdraw from or terminate the exhibition contract. If, regardless, the Exhibitor does not take part in the event, the Exhibitor shall pay the Organiser the full contractually agreed stand rent and any ancillary costs incurred by the Organiser up to this juncture. This does not affect the Organiser's right to press further claims against the Exhibitor on the basis of these General Exhibition Terms and Conditions and the relevant laws.

- 4.4 The Exhibitor is not entitled to assign his claims from the contract with the Organiser to third parties.

5. Withdrawal of Organiser

- 5.1 The Organiser is entitled to withdraw from the exhibition contract with the Exhibitor and to claim damages from the Exhibitor if, despite being issued a request by the Organiser, and the expiry of an appropriate deadline set by the Organiser, the Exhibitor
 - displays unregistered, unapproved goods or services or used goods; the latter may only be deployed for demonstration purposes
 - is in arrears with payments to the Organiser
 - sublets stand space, or permits a third party to use it, without the consent of the Organiser
 - does not correctly register a co-exhibitor as stipulated under section 9 of these General Exhibition Terms and Conditions
 - undertakes the stand build-up and break-down outside the times specified by the Organiser in the Special Exhibition Terms and Conditions for this event
 - does not adhere to the provisions contained in 12.1, 12.5 or 15.1 to 15.6 of these General Exhibition Terms and Conditions regarding the design and equipment of the stand
 - becomes insolvent following conclusion of the exhibition contract, or his solvency is at risk, or if the Organiser becomes aware that the Exhibitor's solvency is poor or at risk after concluding the exhibition contract, unless the Exhibitor effects payment to the Organiser within the additional deadline to be set by the Organiser, or offers security.
- 5.2 If the Organiser withdraws from the contract, the Organiser is entitled to claim damages from the Exhibitor to the full value of the contractually agreed stand rent and for payment of any ancillary costs already incurred. The Organiser retains the right to press further damage claims against the Exhibitor. The Exhibitor has the right to prove that no damage was incurred, or was lower than the total amount claimed.
- 5.3 Instead of withdrawing from the contract and claiming damages, the Organiser may opt: for removal of the goods in question in the case of goods being exhibited which are not registered, not approved or have already been used; for the third party in question to be removed from the stand in the case of the stand being sublet or entrusted to a third party without the consent of the Organiser; for obliging the Exhibitor to adapt the design or remove the stand in the case of the specifications regarding stand design and equipment not being adhered to. In the case of late payment, late stand build-up and the risk of insolvency, the Organiser may allot the Exhibitor a different stand and adjust the payable rental fee accordingly.

6. Force majeure

- 6.1 The Organiser is entitled to withdraw from the contract if the event is prevented from being held, or from being held as planned, either in full or in part, by unforeseen circumstances over which the Organiser has no control, especially as the result of terrorist attacks, natural disasters, epidemics, officially decreed clearance or closure, structural changes to the venue made by the landlord, water damage or similar cases of force majeure.
- 6.2 In the case of force majeure as defined in 6.1 of these General Exhibition Terms and Conditions, the Organiser is obliged to inform the Exhibitor immediately of the full or partial impossibility of holding the Event, and, in the case of it being entirely impossible to hold the Event, to refund any payments already made, or in the case of it only being possible to hold the event to a limited extent, to refund the corresponding proportion of the payments. The Exhibitor's right to press further damage claims against the Organiser is excluded in this case.

7. Stand rent and other fees, terms of payment

- 7.1 The stand rent and any other fees to be paid by the Exhibitor to the Organiser are contained in the Organiser's application form for the event, these General Exhibition Terms and Conditions and the Special Exhibition Terms and Conditions of the Organiser for the event.
- 7.2 The stand rent and the other fees are net and do not include sales tax to be paid by the Exhibitor at the rate applying at the time of the event.
- 7.3 The due dates of the stand rent and any other fees to be paid by the Exhibitor to the Organiser are contained in the Organiser's application form for the event and the Special Exhibition Terms and Conditions of the Organiser for the event.
- 7.4 The Exhibitor fails to meet the payment deadlines specified in the Special Exhibition Terms and Conditions; no reminder is issued. In this case, besides the payments already owing, the Exhibitor shall pay interest on the sum due at the rate of the current legal default interest rate of 5 percentage points above the base interest rate; or 8 percentage points above the base interest rate if the Exhibitor is not a consumer, but at least 8% p.a. on the sum due, to the Organiser. This does not affect the Organiser's right to press further delayed payment damage claims against the Exhibitor.

8. Services provided by Organiser

- 8.1 The stand rent covers the following services:
- Provision of stand space for duration of hire
 - Cleaning of hall gangways
 - Provision of security staff to ensure general security at the Event
 - Heating and ventilation of the exhibition halls
 - General illumination of exhibition halls
- 8.2 The Exhibitor is responsible for ordering further ancillary services, such as electrical and water connections, from the exhibition centre. The Exhibitor shall conclude separate contractual agreements with the local exhibition centre for these. The companies appointed through, and with the consent of, the Organiser for installation work shall make out any invoices for installation and consumption directly to the Exhibitor. Order forms for stand construction, telephone, electricity, other exhibition services etc. can be found in the service manual for exhibitors in accordance with paragraph 1.3 of these General Exhibition Terms and Conditions.

9. Co-exhibitors, community stands, exclusion of subletting

- 9.1 A number of exhibitors can rent a stand jointly. Such groups of exhibitors should nominate a common representative in the application. This person is the joint representative of these exhibitors in dealings with the Organiser.
- 9.2 The Exhibitor concludes a direct exhibition contract with the Organiser; each further exhibitor using the stand space counts as a co-exhibitor. Under the above definition, exhibitors also count as co-exhibitors if there are close business or organisational ties to the Exhibitor. Company representatives will not be approved as co-exhibitors. Manufacturers of products and goods, and providers of services which are required to demonstrate the Exhibitor's exhibited goods and services, do not count as co-exhibitors.
- 9.3 Co-exhibitors and exhibitors are liable to the Organiser as co-debtors.
- 9.4 The Exhibitor must register co-exhibitors to the Organiser in writing, based on the Organiser's General and Special Exhibition Terms and Conditions. The co-exhibitor shall sign his application on the Organiser's application form. The Organiser shall decide at his own discretion whether to grant approval to a co-exhibitor.
- 9.5 The Exhibitor must pay a co-exhibitor fee to the Organiser for each co-exhibitor. The level of the co-exhibitor fee is specified in the Special Exhibition Terms and Conditions for the event.
- 9.6 The Exhibitor may not sublet stand space, either in part or in full, to a third party without the Organiser's consent. Nor may he swap stand space or make it available in any other form, or accept orders regarding the stand space on behalf of third parties.

10. Exhibition goods

- 10.1 The Exhibitor may only exhibit or offer goods and services which belong to the groups of goods and products listed in the nomenclature appended to the

Organiser's application form for the event and entered in the Exhibitor's application to participate in the event. In addition, the Exhibitor may only display brand-new goods, with the exception of used goods deployed for demonstration purposes.

- 10.2 The Exhibitor may not advertise goods, services or companies at the event which are not listed in the approval.
- 10.3 The Organiser is entitled to confiscate exhibited or offered goods and services which do not conform to paragraphs 10.1 or 10.2 of these General Exhibition Terms and Conditions for the duration of the event and at the Exhibitor's expense. This does not affect the Organiser's right to press further claims against the Exhibitor.

11. Allocation of stand space, relocation of stand space, entrances, exits and gangways

- 11.1 Stand space shall be allocated by the Organiser. The decision is based on the nature and the occupancy of the Event, on design elements, on the structural design, and otherwise at the Organiser's discretion. Where possible, special requests made by the Exhibitor may be taken into consideration. This does not, however, signify that the Exhibitor has any claims against the Organiser as a result. The date on which the application is received is not decisive. The Organiser shall inform the Exhibitor of the stand space allocation, citing the hall and stand number.
- 11.2 Structural pillars and supports are factored into the stand space. The Exhibitor is not entitled to claim a reduction as a result. The stand rent is based on the rented area: no stand partition walls or other installations or structures are included in the rent.
- 11.3 The Organiser reserves the right to make minor deductions from the allocated stand space for technical reasons. The width and depth of such deductions should not exceed 20 cm and they do not entitle the Exhibitor to a reduction in the stand rent. Excluded from this are stands which are explicitly registered as complete stands or shell schemes.
- 11.4 The Organiser is entitled to allocate the Exhibitor a different stand space or to relocate the stand space, or to change the dimensions of the stand space which deviates from the contractually agreed type and size of stand in cases where this is necessary for planning reasons, especially the design of the overall event, the available capacity or the given structural circumstances. Entitlement to withdraw from the contract or claims to damages or other claims from the Exhibitor are excluded in this case unless the stand space offered is more than 15 % greater or less than the agreed stand space. In this case the Exhibitor may withdraw from the contract by issuing written notification to the Organiser. Otherwise the stand rent shall be adjusted accordingly.
- 11.5 The Organiser reserves the right to determine and relocate the entrances and exits of the venue and to define and relocate the gangways and paths through the venue without the Exhibitor being able to claim damages as a consequence.

12. Stand construction, stand design

- 12.1 In order to ensure a uniform overall look, the Organiser issues guidelines for the construction and design of stands in the Service Manual for Exhibitors in accordance with paragraph 1.3 of these General Exhibition Terms and Conditions. These guidelines contain binding requirements for the Exhibitor. Before planning a stand construction, the Exhibitor undertakes to obtain information in good time from the Organiser on the structural circumstances of the stand spaces he has booked, e.g. pillars, fire protection facilities, utility supply channels etc.
- 12.2 If the Exhibitor has not constructed and occupied the stand on the space allocated by the Organiser one day before the start of the event, the Organiser is entitled to reallocate the stand space, make alternative use of it or remove any decorations from it. In this case the Exhibitor shall pay the costs incurred by the Organiser for decorating or filling the unoccupied stand space in addition to the stand rent and any ancillary costs already incurred.
- 12.3 Refreshment stands require written consent from the Organiser; the Exhibitor is billed separately for these.
- 12.4 The stand must be designed and constructed in such a way that no neighbouring stands are negatively affected in any way by exhibits, advertising surfaces, display objects etc.

- 12.5 The stand boundaries specified to the Exhibitor should not be exceeded. It is only permissible to exceed the prescribed structural height of 2.50 m with the express approval of the Organiser and, where applicable, with that of the neighbouring exhibitor.
- 12.6 The stand should be manned by sufficient numbers of staff members and be accessible to visitors continuously during the opening hours of the event. The name and address of the Exhibitor must be clearly displayed for the duration of the event; the Exhibitor is responsible for creating such a sign.
- 12.7 The Exhibitor undertakes to lay a covering on the floor of the stand, to attach a worded trim on the sides facing the gangways and to provide rear and side walls with an appropriate appearance; the Exhibitor carries responsibility for providing these.

13. Stand break-down

- 13.1 No stand may be removed, either in full or in part, before the official end of the event. In the event of violation, the Exhibitor is obliged to pay a penalty to the Organiser to the value of half the gross stand rent agreed for the event.
- 13.2 The stand space should be returned to the Organiser in its original condition. Any materials which have been used, any foundations, excavations, any damage, double-sided adhesive tape and adhesive residues should be removed in full by the Exhibitor, without damaging the subsurface. Otherwise the Organiser is entitled to have this work carried out at the expense of the Exhibitor. This does not affect the Organiser's right to press further claims against the Exhibitor.
- 13.3 The Exhibitor is also liable for any damage to the floor, the walls and any loaned or rented materials. Stands or exhibition goods which have not been taken down or removed by the deadline set for completion of the break-down can be removed by the Organiser at the expense of the Exhibitor and put into storage by a carrier company at the expense of the Exhibitor, with no liability for loss or damage being carried by the Organiser. This does not affect the Organiser's right to press further claims against the Exhibitor.

14. Organiser's liability

- 14.1 The Organiser shall not accept any duty of care for exhibition goods, stand facilities or other objects brought to the event, and excludes any liability for damage or loss.
- 14.2 The Organiser is liable for wilful actions or gross negligence on his part. In the event of a breach of duty due to ordinary negligence on the part of the Organiser or his subcontractors, liability shall be limited to typical contract and foreseeable damages. In the event of breach of minor contractual obligations due to slight negligence, all liability is excluded towards exhibiting companies.
- 14.3 The above liability limitations do not apply to bodily injury, damage to health or loss of life in cases where the Organiser carries responsibility.

15. Multilevel stand structures

- 15.1 Multilevel stand structures require written consent from the Organiser; the requirements set out in paragraphs 15.2 to 15.7 of these General Trade Fair and Exhibition Conditions in particular must be adhered to in such cases.
- 15.2 Multilevel structures are only permitted on stands with a floor space of at least 100 m².
- 15.3 No more than 50 % of the stand space may have a built-up structure.
- 15.4 All multilevel stands need to have two separate exits on each level.
- 15.5 Duplicate copies of design drafts for multilevel stands including floor plans, sections and views showing the precise measurements should be submitted to the Organiser for written authorisation at least 10 weeks before the start of the event.
- 15.6 The built-up structure of multilevel stands also requires approval from the municipal building inspection department. Duplicate copies of such a building application, including the necessary documentation such as site map, ground plan, sectional and view drawings, structural description and analysis should be submitted to the planning authorities responsible for the venue at least 10 weeks before the start of the event. Visitors may not be allowed to access multilevel stands at the event which are erected without planning permission.

- 15.7 The prices for multilevel stands are listed in the Special Exhibition Terms and Conditions issued by the Organiser for the Event.

16. Use of gangways

- 16.1 With the exception of the circumstances set out in paragraph 16.2 of these General Exhibition Terms and Conditions, erection of constructions on, or occupancy of, gangways with stand elements, goods or other objects is not permitted.
- 16.2 In cases in which the Organiser lets stand spaces which are separated from each other by gangways and, as an exception, provides written authorisation for the use of the gangways, the provisions of the Organiser's Special Exhibition Terms and Conditions for the event shall apply in addition to the requirements set out in the Organiser's authorisation.
- 16.3 In cases in which the gangways have clearly been occupied by an Exhibitor in contravention of paragraphs 16.1 and 16.2 of these General Exhibition Terms and Conditions, the Organiser reserves the right to exclude said Exhibitor from the current and future events. In this case the Exhibitor must pay the full stand rent and any other event fees to the Organiser. This does not affect the Organiser's right to press further claims against the Exhibitor.

17. House regulations, occupier's rights, photography

- 17.1 The Organiser holds occupier's rights across the entire event area during the build-up period, the event itself and the break-down phase. In exercising his occupier's rights the Organiser is entitled to issue directions to the Exhibitor.
- 17.2 The Exhibitor shall recognise house regulations issued by the Organiser and notified to the Exhibitor and house regulations issued by the local exhibition centre as binding upon himself and his subcontractors and any other persons employed by the Exhibitor at the event.
- 17.3 The Exhibitor and his subcontractors and any other persons employed by him may not enter the exhibition site until one hour before the start of the event and must leave it one hour after closing time at the latest. It is not permitted to overnight at the exhibition centre.
- 17.4 It is not prohibited to bring animals into the exhibition site.
- 17.5 Commercial photography, drawings, video, sound and any other types of recordings are prohibited on the exhibition site without written authorisation from the Organiser.

18. Landlord's lien

- 18.1 The Organiser is entitled to a landlord's lien on the goods displayed by the Exhibitor and other objects belonging to the Exhibitor on the exhibition site for his justified claims against the Exhibitor. The Organiser shall assert his landlord's lien by notifying the Exhibitor himself or his representatives present on the stand.
- 18.2 Goods displayed by the Exhibitor, or other objects belonging to the Exhibitor on the exhibition site, may not be removed unless the Organiser decides to waive his landlord's lien.
- 18.3 It is assumed, for the security of the Organiser, that all objects brought to the exhibition by the Exhibitor are his unrestricted property, or that he has unrestricted right of disposal over such objects.
