

Metalworld

Networking the Non ferrous Metals Industry-Worldwide

Monthly Journal : -

Metalworld monthly magazine is devoted to the Non-ferrous Metals and the Foundry Industry, having a readership of around 25,000 decision makers in the industry. It provides a monthly update on global metals sector, information on new projects, demand supply scenario, technological advancements, prices, production statistics etc. It also provide the necessary platform for business houses to promote their products/service.

Trade Shows:-

Metalworld organizes exhibitions & conferences for the metal industry on international level. eg. Asian Metallurgy, Asian Foundry Summit, Extrusion Summit, etc. Apart from its own shows, it represents and promotes many international metal related trade shows in India.
